

Gabriel Chavanne

Consultant

MSc Business Administration in Corporate / Business Development

Gabriel Chavanne is a consultant and has been with Hanser Consulting AG since 2016

Gabriel Chavanne works as a consultant for local and regional energy supply companies (EVU). In the field of energy supply companies, he deals with the regulatory process and other topic-specific business analyses. Development of Excel-based tools as well as the evaluation of IT systems and system mergers also belong to his fields of activity. For the parent company - Hanser Consulting AG - Gabriel Chavanne is involved in public administration in the areas of business analysis and project office.

With a BSc in Industrial Engineering and Management and a subsequent MSc in Business Administration in Corporate / Business Development, he completed his training at the interface between technology and business. With his certification as a project manager (IPMA Level D) and his previous professional experience, including at SBB, Gabriel Chavanne was also able to train and gain experience in project and energy management.
